AFFIDAVIT

I, **RALF LANGE**, (NRIC NO. S2697482H), care of 11 Biopolis Way,
Helios #08-01/02, Singapore 138667, do solemnly affirm and say as follows:-

1. I am the Managing Director of the Applicant and am duly authorised by the Applicant to make this affidavit on the Applicant's behalf. I am also the founder of the business.

2. The facts deposed herein are from my personal knowledge, documents in my possession, other grounds of belief and/or sources of information as stated. Insofar as the matters deposed to herein are within my personal knowledge, they are true. Insofar as the matters herein are not within my personal knowledge, they are true to the best of our knowledge, information and belief.
3. There is now before me a paginated bundle of documents marked "**RL-3**", to which I shall refer from time to time during the course of my affidavit. Reference to page numbers are references to the exhibits exhibited within this bundle.
4. I make this affidavit in support of the Applicant's application for substituted service and service out of jurisdiction of the Applicant's application and for any order(s) made therein and/or documents filed therein.
5. I am advised and do verily believe that the reasons which the Applicant shall seek to rely on in its application for leave for service of the originating papers out of jurisdiction are based on the grounds pursuant to Order 11 rule 1(b), (c), (p), (r) and (s).

6. In the interest of brevity, the Applicant's matter arises out of a trademark dispute between the parties and to that end has taken out an application to invalidate the trade mark registration of the "COLADA" mark.
7. In respect of this, I seek leave of the Honourable Court to refer to my earlier affidavit filed on 17 May 2018. The brief facts and the material disputes are also delineated in the same.
8. A copy of the originating summons and the summons for injunction is exhibited hereto at pages 10 to 13 of "RL-3".

The Applicant has a good arguable case

9. In respect of Order 11 Rule 1(b), the Applicant is seeking an injunction against the Respondent to allow the Applicant use of the "COLADA" mark.
10. Secondly, as regards Order 11 Rule 1(c), Order 87 Rule 2 mandates that this originating summons be served on the Registrar of Trade Marks, ie the Intellectual Property Office of Singapore (IPOS).

11. Further, this originating summons is premised on the invalidity of the registration of the “COLADA” mark, which was registered in Singapore. It is clear that trade marks are territorial in nature, and therefore, the invalidation of the registration of the Singaporean trade mark can only take place in Singapore. A copy of the registration certificate is exhibited hereto at pages 14 to 15 of “**RL-3**”.
12. As the Respondent had registered the “COLADA” mark in Singapore, it is clear that the Respondent has submitted to the jurisdiction of Singapore in respect of the validity of the registration of the “COLADA” mark.
13. Finally, as regards Order 11 Rule 1(s), the Applicant’s application concerns the effect of the Trade Marks Act which governs the registration of trade marks in Singapore.

Serious Issue to be Tried

14. I crave leave to refer to my earlier affidavit filed on 17 May 2018 as well as the affidavit of Lim Mei Ling filed on 17 May 2018 which largely states out the development of the goodwill and the “COLADA” mark itself and why it is not the Respondent who is entitled to register the trade mark, but it is the Applicant.

Singapore is the natural forum

15. Again, I repeat that the “COLADA” mark was registered under the Trade Marks Act and the Registration Certificate was issued by the Registrar of Trade Marks.
16. I have been advised that Singapore is the only place to hear the dispute on the validity or invalidity of the registration of the Singaporean “COLADA” mark because of the territorial nature of the trade marks.
17. Further, the Applicant is a Singaporean company who organises events not only in Singapore but also other parts of Asia, but its central base and nexus remains in Singapore. Therefore, all the necessary witnesses especially in the development of the “COLADA” mark are mainly situated in Singapore because the business operations of the Applicant originates here.
18. In the premises, I am also advised that it is also very clear that the governing law in respect of the registration of the “COLADA” mark is Singapore law.
19. As such, I am advised and do verily believe that Singapore is the natural forum because the connecting factors all point towards Singapore. This does not detract from the fact that I am advised and do verily believe it is clear that the validity of the trade mark can only be litigated in Singapore and any other foreign judgment

on the validity of this trade mark will not be enforceable in Singapore and in addition, the issue of the validity of the registration of a Singaporean trade mark is generally non-justiciable in other countries.

Application for Substituted Service

20. Given the exigencies of the originating summons and more importantly, the application of the injunction filed therein, the Applicant seeks an order for substituted service to serve the originating summons and any other cause papers by way of Facebook, ie by directly posting the cause papers on the personal Facebook page of the Respondent and/or sending it by way of direct messaging via Facebook messenger.
21. For the purposes of full and frank disclosure, the Respondent currently resides in Bangkok, Thailand and I verily believe him to be residing there currently. From his Linkedin profile, the Respondent has stated that he is a Partner at Vovan & Associates (a law firm based in Bangkok, Thailand) and is lecturer at various institutes and universities in Thailand. This is also corroborated by the Respondent's Facebook profile (a platform which he is active on). A copy of the Respondent's Linkedin and Facebook profile is shown herein at pages 16 to 31 of "RL-3".

22. Given that it is very urgent that the papers be served on the Respondent in order for the Applicant's business to not be affected, as explained my earlier affidavit filed 17 May 2018, I believe the best way to effectively serve the Respondent is via social media, ie Facebook.
23. I annex hereto a screenshot of the Respondent's Facebook page which is made public at pages 21 to 23 of "**RL-3**". The Respondent posts regularly and even at 17 May 2018 at around 6.50pm, the Respondent has once again posted another public post on his page in respect of the dispute between parties which is exhibited hereto at pages 24 to 31 of "**RL-3** and up to the time of the affirmation of this affidavit, the Respondent continues to post actively on Facebook. In the premises, it is clear that the Respondent is extremely active on Facebook and should service of the application and any order(s) made therein be made via Facebook (i.e posted on the Respondent's Facebook page as well as via Facebook messenger), the Respondent would be duly notified.
24. I believe that for the reasons set out in my earlier affidavit filed on 17 May 2018 on behalf of the Applicant (in respect of setting out the urgency of the Applicant's application), attempts at personal service on the Respondent would be highly impractical given that the "Colada" event is imminent (i.e. 6 to 10 June 2018).

25. In the premises, I verily believe that if service of the Writ is effected by way of substituted service by sending the pdf files to the Respondent via Facebook messenger to his Facebook account as well as posting a copy to the Respondent's Facebook account, it will be effectual in bringing the said application to the attention of the Respondent.

26. Due to the above, I humbly pray for an order in terms of the Applicant's application filed herein.

Jesper Döpping Dear Roland, as you in the text now have given an answer to the questions: 1. Did you produce the logo? - Your own answer is NO! 2. If you submitted a logo that you did not own with your trademark application (previously made public on facebook). The answer is YES! I therefore kindly ask you to ASAP change the 2 first allegations, as you admit I am right!

Yeona Shin I don't know you personally.....

But you are also human being....

You are so brutal...

I'm sick in hospital... I was not sick at all... but suddenly I got whole stress by unjustified judges here...

If you were friend of Roland or even if you were kind of human being ..

You would never act like this, you could ask him for messenger message for the truth first then , you could do whatever you do on FB....

What is your problem here.. Do you have ever feel human being suffering? Or do you suffer because of Roland ?

In that case, I would appology for you instead of my boyfriend, who is too naive at the same time to struggle to justice which made me hard time also, but you know.... we all grow up as learning People never harm to other people and people for learning to help other people for you I cannot judge anything for you, even I had one my birthday dance with you on salsa on 2 how was wonderfully nice, may you can remember or not , even I said after dancing it was best salsa on 2 in bkk and thanked you for the wonderful dance.....

You can ask any salsero in bkk who ever get this beautiful compliment and communicate with me because I was one of stranger in here as a saleara.....

Please don't make me sick any more and please let me be in a peaceful at least

Roland is disappearing ever since I asked him moved on....

I know he work hard in office but couldn't reach him now....

You know what first in mind??hope he didn't collapse for this again...

And you know what I called him like 20calls and stay here in my room....???

I feel scared he really collapsed again...5 hrs aga we both had pain... but Roland had more huge pain.....

I know Roland never happy for me writing here, because he cried and even couldn't cried... for worrying me...

But enough is enough...

What are you wanting for here...

I bag you...please stop

1000000 usd ...

this was legal strategy , everybody could know and even Ralf Lange himself knew.. this money is made for legal paper for calling him and turning him around to Roland who is asking for his limited right for the contract payment which is very small and He ignored and insulted ...and making him appolgy

I didn't agree to this 1000000 usd strategy with Roland, but as a legal professional he decided to force this....

Otherwise he had to live in he world to ignored... insulted.... and only abused.....

So I myself even without my boyfriend beside me now, I tell you please stop..... me myself can feel too risky to breathe now....

ANSWERS TO Jesper Döpping AND TO "COMMUNITY" ABOUT REGISTRATION & LEGAL OWNERSHIP OF "COLADA"® and "COLORS OF LATIN DANCE" ® TRADEMARKS by Roland Amoussou AKA "Dr. SALSA"™
Bangkok 17th May 2018

Dear Facebook Community in Bangkok and around the World,

#INTRODUCTION

This is my PUBLIC and OFFICIAL RESPONSE to Jesper Jesper Döpping who challenged me to answer 4 (four) questions in a now-famous Facebook message widely spread around the world.

I wish and hope it will also be a good opportunity to address this matter and move on with no more attacks on my person, my name reputation, organizations, loved ones, family and interests that I represent

The Post is unprecedented on social media. It is unusually personal, brutal and harsh.

#Concerns of Community

According to the author, it is to address a "concern" on behalf of "EVERYBODY" in our "DANCE COMMUNITY" and the "BANGKOK BUSINESS COMMUNITY".

Jesper Döpping is not just a Salsa and Bachata dancer in the Bangkok Community. He is also a former company and business manager. He is a Ph.D., thus a highly educated person with current academic responsibilities in very famous university in Thailand Mahidol University

When a community member of this caliber takes responsibility to post a message where another member is called out and tagged, and the message is shared directly on the timeline of the target, for the whole world to see, it's not a JOKE.

#INCRIMINATIONS with no factual and legal grounds

The message appears as a damning "incrimination" and "indictment".

This matters, because his questions are followed by ASSUMPTIONS and immediate ANSWERS by the questioner, WITHOUT even WAITING for the person questioned to answer!

His message is concluded by an angry emoticon and a written comment "Feeling Offended".

This way of questioning publicly is disturbing and it raises serious concerns about justice and fairness because it's final and conclusive with no chance of due process! You can judge by yourself.

A cyber-lynching of massive proportion, started by Ralf Lange and his Wife Vanessa Lange ("LANGE") using Communication resources of their data Company (LANGE COMMUNICATIONS Pte. Ltd,) which has its own SERVER, concerns a PRIVATE and CONFIDENTIAL business dispute already in the course of JUSTICE!

Their attack is malicious, reckless, disheartening, deadly and CRIMINAL.

It has the potential to cause me to lose my jobs, my status, my activities and projects, my name and my reputation and the legacy I have built up from poverty in Africa to Europe and to Asia during the last 30 years of my life.

The pains and distress to me and my loved ones and family have the potential to provoke breakdown leading to terrible thinking of taking own's life.

I have already suffered a syncope (collapse) in relation to this COLADA case. It is a serious matter that must be taken VERY SERIOUSLY beyond one person named as Roland AMOUSSOU AKA Dr. Salsa.

We are all concerned.

Even murderers have the right to due process of justice by being prosecuted, and given a chance to answer questions before a judge or jury pronounces a final verdict!

Nowhere in the world, a determination is made and a verdict issued in the same line of question and answer!

The stakes are high and can't be covered by just YES or NO, BLACK or WHITE.

Therefore, my message here is a matter of "LIFE or DEATH" and will certainly be my LAST POST on this forum regarding a PRIVATE matter that has NO place on Facebook.

28

It is an unacceptable violation of Facebook user's policy, data and privacy protection law, and cybercrime and defamation laws by the directors of a data company.

All 4 questions will be answered below, but because facts matter, my answers may seem to be a bit long.

Therefore I will first present a SUMMARY.

For those of you who feel concerned enough to be interested in the details, I am working on a full report that will be posted in the near future for the records on Facebook.

#FINAL AND BINDING

I am hereby, willing, prepare and ready to ACCEPT all consequences and determinations resulting from the assumptions of Jesper Dopping as final and binding on me and the organizations that I represent.

I assume that LANGE is also willing, prepared and ready to also ACCEPT all consequences and determinations resulting from the assumptions and questions of Jesper Dopping.

I appeal to the Facebook Community as witnesses and guarantors to make sure that all outcomes and determinations are ENFORCED on all Parties involved with NO DISCRIMINATION.

#14. Roland Amoussou Answers to 4 questions by Jesper Döpping

28

#i. Question 1) That you have paid and bought the original trademark of Colada - if you can't do that I am forced to assume that you are a thief!

*My Answer to Question 1)

YES, I have PAID and BOUGHT the ORIGINAL TRADEMARK COLADA & COLORS OF LATIN DANCE in many countries. Evidence of payment and ownership certificates for Thailand issued by the Thai Government (Certificate of Ownership of Trademark) are provided!

#ii. Question 2) That you have not abused your knowledge as a lawyer against a former collaboration partner, and illegally claimed that you own something you do not own! If you can't do that I am forced to consider you to be professionally deeply unethical.

*My Answer to Question 2)

See context of my relationship with Lange since June 2016.

COLLABORATIVE project including FREE legal advice, counseling and drafting, meetings, brainstorming, research and networking on a long period for a long term project.

Lange started with "Colors of SALSA Dance" because they were totally new in the industry.

It was very difficult to convince LANGE that the world has changed and a Salsa Congress without Kizomba and Bachata can't be successful.

LANGE NEVER HEARD about Kizomba® before and didn't know any Kizomba artist or DJs.

- Good examples are Sara Lopez (sorry Sara) and many others who I contacted, convinced to attend an event nobody heard about before and negotiated with (see evidence-).

I made Suggestions based on my Afrolatin Dance Concepts (ALADA) Salsa Concept ® and Kizomba Concept ®.

From there, "COLORS OF LATIN DANCE – COLADA" was conceived. I consider myself as LEGITIMATE Concept Creator co-Inventor of COLADA (see evidence attached). Logo and designs are nothing without concept and content based on 30 years of experience. COLADA would have NEVER existed without Dr. Salsa!

I was NOT even PAID!

LANGE themselves confess in their new video "COLADA stands for creativity we have started with an EMPTY page BEFORE". It is very clear!

Ironically, I'm the one who suggested to LANGE to REGISTER their Trademarks but they were NOT interested! That matter was left out of the Agreement and therefore available for the public.

#iii. Question 3) That you have not closed the Facebook account belonging to somebody else under false statements. Unless you show me that you have not done that I am forced to consider you to be untruthful and lying.

*My Answer to Question 3)

After Lange BREACHED our Agreement we tried AMICABLE resolution (provided by the Agreement) unsuccessfully. We suffered considerable emotional pains and sufferings, contempt of justice, insult, threats of defamation.

The ONLY way to force LANGE for discussion and NEGOTIATION and TALK to us, was to REGISTER COLADA® related trademarks and Colors of Latin Dance which was FREE for anyone to register.

We also claimed COLADA CONCEPT™. All seasoned international lawyers used a defense strategy called "Best Alternative to Negotiate Agreement" (BATNA) which, I also teach as a University lecturer.

We were able to successfully register COLADA® and COLORS of LATIN DANCE ® in many countries, including Thailand.

According to IP law, I am now the LEGAL OWNER and LANGE automatically has become a CRIMINAL infringer by using COLADA® and COLORS of LATIN DANCE ® without my permission.

LANGE is a seasoned business person, owner of many Companies registered in Singapore according to Singapore Company registry Office.

His negligence about Intangible assets value can't be defended.

Ignorance of law is not an excuse.

I hope they have now registered their Copyright!

LANGE has claimed that I have hijacked their COPYRIGHT and LOGO to register the trademarks.

This accusation is TOTALLY false and abusive because what I registered is a TRADEMARK, not a Copyright, logo or design!

LANGE still has ownership of their COPYRIGHT and LOGO. A combination of colors and drawing is NOTHING without concept and content which I provided.

With our Trademark leverage we resumed action against LANGE to force him to negotiate and settle or face technical punishment under Facebook policy.

My attorney notified LANGE and gave him 7 days to respond. He again ignored the notice. Contempt of justice and negligence are very serious misconduct, especially from a seasoned and successful business man.

The notification (in paragraph 86) was very specific by warning LANGE "In the event Lange fails to comply with the request within 7 (seven) days after the receipt of this notice, appropriate TECHNICAL and LEGAL action will be taken against Lange, its group and affiliates and NO BLAME can be directed to our Client for the SERIOUS CONSEQUENCES

#iv. Question 4) That you have not sent letters demanding a 6 digit US dollar amount - that is over a million USD! - For damages that have never been inflicted on you. Unless you can confirm that I am forced to consider you a blackmailer.

*My Answer to Question 4)

I have NOT sent letters demanding a 6 digit US dollar amount. What I did is to appoint an attorney to start legal proceedings in court against Lange for legitimate claims based on valid legal grounds based on Breach of Contract by LANGE.

The amount of up to 1 million USD we are claiming may be a surprise for people NOT familiar with civil liability, punitive damage of wrong doing and compensation law.

27

This is normal in my industry with no justification needed on Facebook!

A claimant (Roland AMOUSSOU) has the right to file any alleged claim he wants against a Respondent (LANGE) based on breach of Agreement and damage caused by the latter.

What matters is the SETTLEMENT that comes from NEGOTIATION or COURT RULING.

LANGE was REQUESTED to appoint an attorney to dismiss my claims or file counterclaims that may be resolved in court of justice not on Facebook!

All legal proceedings start with notification of Claims by the Claimant (Me) to the Respondent (LANGE).

Again, my attorney notified a notice to Lange on 4th June and gave him 7 days to respond or react. As usual LANGE showed contempt. LANGE was unprofessional, negligent and reckless and must pay the consequences.

#Emotional Suffering, Distress and Depression

I did not want to address these aspects of the damage caused by LANGE, publicly because they are very intimate and personal.

It would be difficult for anyone to realize the pains, suffering and disheartening during what one of my dear friends called a mini "Ordeal".

After discussing with my girlfriend, Yeona shin who has gone through the terrible ordeal with me, we decided to share a bit of it.

I have been so much affected that I had a syncope.

My girlfriend witnessed all this and suffered with me, many time crying. Sometimes I also cried. So much pain because this extraordinary cruelty we were facing because in a venture called COLADA.

#CONCLUSION

Being called out by Jesper Jesper Döpping to answer questions related to a private business exposes the new risks and dangers of social media.

It is also very interesting case of social democracy where people can easily question whoever is perceived as a "leader" and hold him accountable for whatever they believe is important for the community they belong to.

The only problem here is the power of "questioning" must be balanced by due process to give the person questioned the chance to defend himself, by giving his own answers before making assumptions and determinations that make your questions look misleading and biased.

Self – proclaimed judge is also a huge social RESPONSIBILITY.

The principle of independence and impartiality must also be respected.

The fact that Jesper Jesper Döpping has performed for LANGE in COLADA 2018 and is supporting and sharing COLADA 2018 renamed LDC the ORIGINAL on his pages raise serious concerns and doubts about CONFLICT of INTEREST and being himself a victim of manipulation.

Jesper Döpping your credibility and ability to be independent and impartial are destroyed.

Even Ralf Lange himself has to jump to your help to point out that you did not have the facts straight under question#1.

And he was kind enough to give the right answer on my behalf:-)

It is very weird and embarrassing

Exposing a person to the public with so many liabilities while violation network use policies, governance rules, and law and regulation is very dangerous.

As we can see, Facebook is a potential weapon that can ruin lives if not careful. Vigilance is required.

ANSWERS TO Jesper Döpping AND TO "COMMUNITY" ABOUT REGISTRATION & LEGAL OWNERSHIP OF "COLADA"® and "COLORS OF LATIN DANCE" ® TRADEMARKS by Roland Amoussou AKA "Dr. SALSA"™ Bangkok 17th May 2018

Dear Facebook Community in Bangkok and around the World,

In agreement with my Girlfriend Yeona Shin who has been by my side during almost one year now, we would like to share the story of our incredible ordeal which was not just a legal battle.

#Emotional Suffering, Distress and Depression

I did not want to address these aspects of the damage caused by LANGE, publicly because they are very intimate and personal.

It would be difficult for anyone to realize the pains, suffering and disheartening during what one of my dear friends called a mini "Ordeal".

#INTRODUCTION

This is my PUBLIC and OFFICIAL RESPONSE to Jespere Jesper Döpping who challenged me to answer 4 (four) questions in a now-famous Facebook message widely spread around the world.

I wish and hope it will also be a good opportunity to address this matter and move on with no more attacks on my person, my name reputation, organizations, loved ones, family and interests that I represent

The Post is unprecedented on social media. It is unusually personal, brutal and harsh.

#Concerns of Community

According to the author, it is to address a "concern" on behalf of "EVERYBODY" in our "DANCE COMMUNITY" and the "BANGKOK BUSINESS COMMUNITY".

Jesper Döpping is not just a Salsa and Bachata dancer in the Bangkok Community. He is also a former company and business manager. He is a Ph.D., thus a highly educated person with current academic responsibilities in very famous university in Thailand Mahidol University

When a community member of this caliber takes responsibility to post a message where another member is called out and tagged, and the message is shared directly on the timeline of the target, for the whole world to see, it's not a JOKE.

#INCRIMINATIONS with no factual and legal grounds

The message appears as a damning "incrimination" and "indictment".

This matters, because his questions are followed by ASSUMPTIONS and immediate ANSWERS by the questioner, WITHOUT even WAITING for the person questioned to answer!

His message is concluded by an angry emoticon and a written comment "Feeling Offended".

This way of questioning publicly is disturbing and it raises serious concerns about justice and fairness because it's final and conclusive with no chance of due process! You can judge by yourself.
